RENEWED HOPE IN 2021

Although the COVID-19 pandemic has certainly not come to an end, this last year has brought renewed hope in the coming days for Door Creek Church. While we began this year still holding all services online, we gradually began to reopen and have reaped God's blessings in ways we could not have prepared for. It's often in these unprecedented seasons that God works in unique ways to reach people we could not have reached and touch lives we could not have touched without living in this exact circumstance. While things have felt uncertain and it felt like we couldn't do anything, God was up to something bigger than we could ever imagine! As you peruse this Annual Report that highlights God's faithfulness in the last year, we feel it is an important time to recall our mission and vision:

OUR MISSION

Joining God in changing people into devoted followers of Christ who change the world with His love.

OUR VISION

By God's grace, we desire to be a Christ-centered church for all people where the power of the gospel is continually transforming lives, renewing our city and changing the world.
